## ON THE WINGS OF A BUTTERFLY BY CORKY FERGUSON

Your friendship is special  
Like the flowers that bloom,  
Or when a butterfly emerges  
From within its cocoon...

You remind me of that butterfly,  
Loving and free,  
Bright and colorful,  
For the world to see...

We will share sunshine and rainbows;  
Sometimes the rain and the snow;  
We'll stand together through it,  
While the cold winds blow...

When the time is right,  
We won't stop to ask "Why"  
Our friendship will take flight  
On the wings of a butterfly...

A butterfly came flying by  
And I thought I knew her face.  
She landed on my shoulder  
And spread her wings of lace.

I looked and saw her smiling  
And she winked and flew away.  
I'm sure I heard her whisper,  
We'll meet again one day.

# 2021 Memorial Program

It's important to take time to remember your loved ones. This year we offer three options for you to participate in a Butterfly Release memorial program.

- 1. Private Program** – Please see page 3 of this booklet for suggestions on how to plan your own Butterfly Release memorial program. This might be in your living room, or out in your garden.
- 2. View the Program Video** – On July 18 at 3:00 p.m. the Butterfly Release program video will be available. You can view the video on our Facebook page or visit our website. The video includes messages from an HCP bereavement care coordinator and HCP chaplain.
- 3. Watch with Family at Another Time** – The program will remain on our website for you to share with friends and family or watch at a time that is more convenient for you.

## PLEASE FOLLOW THE INSTRUCTIONS BELOW TO PROPERLY CARE FOR YOUR BUTTERFLY:

Please hold the envelope gently using the edges, or just lightly holding a corner.

Don't leave the envelope in direct sunlight or a car.

Don't put the envelope in the fridge or freezer.

Your butterfly needs to be released between 2:30 and 3:00 today.

Your butterfly needs to warm up to at least 72 degrees before it is able to fly. You will start to hear it moving around (light scratching) in the envelope as it wakes up. This is normal and tells you it is ready to be released.

Please follow the directions on the next page on how to view our 2021 Butterfly Release program video, or to hold your own.

# Private Butterfly

R E L E A S E

This private program will take approximately 15-20 minutes at which time your butterfly will be ready to be released. Before you begin, find a comfortable space outside in the shade. Encourage everyone to take a deep breath, shake off the day, and find a comfortable seat. You might want to share some special music before or after the program.

## **Welcome**

Welcome everyone to your Butterfly Release. Share who you are remembering today. You may choose to ask everyone to share who they will remember today, if you are remembering more than one person.

## **Special Music**

Share, sing, or play a song that was a favorite of your loved one, or one that brings you peace of mind.

## **Reading**

Ask someone to read a poem in the program book.

## **Reflection**

Invite someone to share a story about your loved one. If there are children present, ask them to share their favorite memory. Feel free to be creative here—ask teenagers to share a favorite photo on their phone. Encourage little ones to say their special name for their grandmother.

## **Butterfly Release**

Bring to mind someone for whom you have feelings of loss, or love. Close your eyes and picture this person before you. Offer loving and kind thoughts to this person (or persons) in your mind. Allow yourself to feel loving and kind thoughts in return.

With these peaceful thoughts filling your mind, and with these loving people in our memories, open your eyes and gently open the envelope containing your butterfly. Be patient, they will fly when they are ready.

## THE BUTTERFLY

BY HEATHER RENEE ADAMKIEWICZ

As love falls down from the sky,  
It lands on the wings of a butterfly.  
The butterfly sings its songs and rhymes,  
And flies through the air, no concept of time.

It is the messenger of patience and change,  
From flower to flower, it's odd and it's strange.  
The butterfly can transform its world,  
And give way to new beginnings, unfurled.  
It is the keeper of transformation,  
And flies on faith and imagination.

The butterfly has no fear of change,  
It bravely escapes its homemade cage.  
To change it knows is necessary,  
For all the burdens we need not carry.  
The butterfly soars, and merrily sings,  
For without change, it would never grow wings.

A butterfly lights beside us like a sunbeam  
And for a brief moment its glory  
And beauty belong to our world.  
But then it flies again  
And though we wish it could have stayed...  
We feel lucky to have seen it at all.
